EME Kft

Company Profile

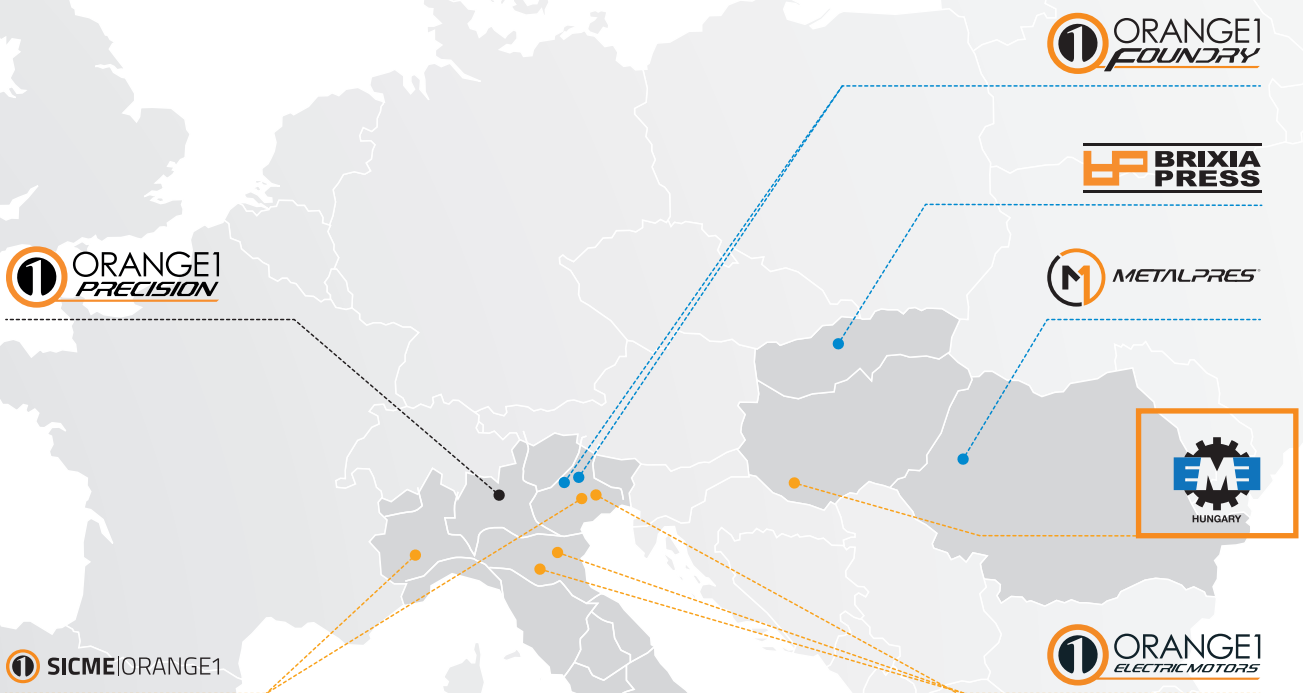

A dynamic, strong and ambitious Group

Orange1 Holding is an international renown Group, one of the most important European manufacturers of single-phase and three-phase asynchronous electric motors. It has an annual capacity of more than 1 million motors and 5 million electric stators with an annual turnover of approx 235 million euro and more than 1600 workers in 15 production facilities. The group, established in 1971 by Leone Donazzan, chaired today by his son Armando Donazzan, is strongly focused on technological innovation, performance and customization to meet individual clients requirements.

Hand-Made and Automatic-Made Winding Stators production

EME Kft was founded in 1999 as a manufacturer of Electric Windings.

The company's assembly lines consist of **semi-automatic** and **manual assembly stations**. Thanks to the experience in the development and production of Electric Stators Windings and Electric Motors the company is able to find solutions for complex electrical machines. EME Kft produces windings for multiple applications: pressure washers, compressors, pumps for surface and submersible pumps, gate openers, motors and lifts. EME Kft manufactures all the components using automated production lines and advanced technology equipment in order to maintain a high level of production. EME Kft address international markets that appreciate the value of its strategic position at the heart of Europe. The company develops and manufactures a **wide range of custom made products** which are suitable for its customers' demand, ensuring reliability.

OUR HISTORY

#WEAREPASSION

We look to the future, to anticipate customers' needs.

Soul, Heart and Brain striving to create real value to our customers and to ourselves. Our motto is "We Are Passion" to win the most passionate challenge: anticipate customers' needs. With its mission the company creates real value to the customers by considering their perspectives and realizing their expectations. Orange1 Holding defines itself as a "Manufacturer of Solutions". How to ride through time? Orange1 moves with the time acting without hesitation in order to be constantly at the cutting edge of development in its sector.

RESEARCH & DEVELOPMENT

The R&D Department is a strategic advantage for the Group.

The design and development of new products is a crucial factor in such a changing industrial society considering the technological innovations and the competitors. Corporate strategies and choices are extensive technological research, desire to emerge and a high level of originality. Orange1 products suit customers and market needs despite the high level of personalization. The launch of a new product is the conclusion of a thorough market analysis. By focusing on the flexibility and efficiency Orange1 Group responds to customers' demands designing customized models for special applications. This has allowed a notable technological and production development.

ORANGE1 SERVICE

Orange1 quality and technical team, together with a dedicated internal department, offers a full service system able to satisfy any specific request into electric motor maintenance. Orange1 Service can provide an innovative diagnostic tools for electrical testing and analysis to pinpoint immediately specific motor issues. For this purpose an equipped in-house testing room is available, in order to handle tests, inspections and issue detailed test report for each motor.

STANDARDS AND CERTIFICATIONS

The Group is certified ISO 9001:2015

Orange1 always commits to implementing the existing standards and strives to maintain high levels in service and quality. To increase customer satisfaction, Orange1 has acquired the following certification in order to meet the requirements for each country:

INDUSTRY FOCUS

- Electric Windings for Machine Manufacturers
- Customized products for OEM
- More than 85% of our products are exported by direct and indirect sales
- Operating in more than 70 countries worldwide
- Ever-expanding Sales and After Sales worldwide network

VACUUM IMPREGNATION

In addition to the standard impregnation it is possible to have a vacuum impregnation to provides to the windings a top protection.

DOUBLE IMPREGNATION

In case of extreme weather conditions double impregnation is possible on demand.

PHASE INSULATION

Windings that need additional protection can be equipped with phase insulation on demand.

#ORANGE1CAREER

Our club has always been the point of reference for basketball in the entire Veneto region and Italy. Orange1 Basket Bassano is a project and a training path born in 2004 for young people all over the world who have the tenacity and characteristics to become professionals through basketball. Thanks to it, their goal is to reach a first-level human and academic development. Our mission is to continue to grow and expand, offering a quality future to young people. This is why over the years the Club has opened up to people and players from all over Italy and around the world. Being part of the Orange1 Basket Bassano family means becoming citizens of the world. The multiculturalism, the attention to detail, and the cultivation of dreams, make our soil prolific for the growth of young athletes.

Orange1 Basket Bassano has a growing number of young players of interest. The club's activity is consolidated throughout Europe with the constant participation in the Italian National Finals (winning the U14 scudetto in 2019) and in the most important International tournaments. Orange1 Basket Bassano is currently positioned among the top three Italian youth programs and among the most prestigious European academies.

A REALITY BORN TO WIN

Supported by

SQUADRA CORSE

Passion, speed, enthusiasm, focused on results. With these assumptions, Orange1 Holding, led by Armando Donazzan, inaugurated the RACING division in 2016, where the motors become even more protagonists, where the entrepreneurial courage, the strenght of the President and the economic and commercial power of the Holding have even more voice. In 2018 and 2019 Orange1 Team GRT makes history becoming the first Lamborghini Team to win the prestigious 24h of Daytona, and the first team to win the race for two years in a row. In 2019 Orange1 has signed a three year agreement with FFF Racing Team, and thanks to a historic triple title in the debut year, he made history again in the GT World Challenge Europe, always alongside of Lamborghini Squadra Corse.
